## Price Increase Announcement for PlastiStab Intermediates

### WEB RELEASE

Contact: Mark Labovitz  
219-844-3980

Release Date  
February 1, 2010

Effective March 1, 2010 or as contracts allow, the prices of PlastiStab intermediates are being raised by between 5 and 10 percent. Newer REACH compliant products are being raised 10 percent while older products are going up 5 percent. Newer products include PlastiStab 2513, PlastiStab 2515, PlastiStab 2265 and PlastiStab 2266. Older products include PlastiStab 2106, PlastiStab 2116, and PlastiStab 2508.

This increase is driven by rising raw material costs and increased manufacturing costs related to manufacturing efficiencies in making the newer products.
